

**Madison British Car Group**  
**Meeting Minutes**  
**10/12/2022**

The meeting was called to order at 6:30 by Debbie.

New member David Melnick joined the club and attended this meeting.

Dave Nordby reported about \$1,000 in the club funds.

Dave Griffith has nametags that have not been picked up. He has also met with the manager of the Breakwater regarding the club using the Breakwater facility for future meetings. He will touch base to get a schedule. We all liked the service we had from Manny for food and drinks as well as the separate meeting space with doors to close off the room during the meeting.

Ray has the website running smoothly.

An update on the Maple Tree- Paul Davis restoration has been there working and the restaurant will re-open when repairs are made, but no dates have been discussed. There was kitchen damage. Thanks goes out to Dave for securing the Breakwater for our meetings in the meantime!

Fall Tour Re-cap: Debbie summarized this trip, and it was amazing-from tours, tom ice cream, to hotel; arrangements! Debbie has photos and videos to post as well as on her laptop running in a loop for anyone to view. Tours were organized of a vineyard and a hydrographic facility- see the video- it was fascinating!

Thanks to Will & Kaye for arranging the hotel reservations and to Joe Lacey for the Road America tour. All enjoyed an amazing sunset as well.

Shirley mentioned some excitement when driving thru a small town that was about to have a parade start- the cars on the fall tour ended up being in front of the parade!

The club can do another similar tour and it doesn't need to be with other clubs like the fall tour; it can be a road trip with 1 night overnight- let's aim for early summer! Let Debbie know if anyone has ideas for a trip.

New member David Melnick joined the meeting. He introduced himself and told a little about his 1980- MGB. We all went around the group and introduced ourselves to David too!

Debbie has been posting updates and photos on the Facebook page and asked others to post photos they have as well. Just a reminder that anyone can post on the club's Facebook page. Make sure to send any photos or announcements to Ray for posting on the website, so anyone

doing a search for the club can see what we offer. Also, send photos or articles to Ray to include in the Rumblings- the eNewsletter for the group.

There was an event in the Fox cities, but no attendance because one of our members had a car starting issue...it didn't start, so no road trip.

There is an Ohm meter and 2 timing guns available for anyone who can use them. Dave Griffith claimed the Ohm meter.

Debbie had an idea from Crystal of the IL club, to get business cards made and when you see a British car parked, you can leave it on the windshield. Dave Griffith took this project on. Debbie's first look into this showed that it was inexpensive for 100 cards to be printed.

Christmas Party date is tentatively set for 1:00 PM on December 3<sup>rd</sup>, hosted by Will and Kaye in New Glarus. It may be a potluck as in the past, but details will; be coming for this event.

Shirley handed out a supplement page for the directory with corrections and additions of new members.

Next meeting will be 11/9/22 at 6:30 at the Breakwater. Come early to eat if you'd like- we expect to have the awesome Manny back, as our server!

The meeting was adjourned at 7:10 PM.

Sad news...

Dawn Farris' mother, Wanda Farris, sadly passed away. Dawn and her late husband Rich, were past MBCG Presidents.

Dawn, we all send you our heartfelt condolences on your mother's passing.
